

You are one of 1,988 St. Mary's University community members who helped our students find their defining moment through your choice to give back during the 2020-2021 fiscal year. Your generous support ensures talented students of diverse backgrounds can affordably pursue a Catholic and Marianist education delivered by passionate faculty and staff who provide wide-ranging opportunities for formation in faith, academic and research distinction, mentorship, and student success.

At St. Mary's, we know one singular degree of positive change can transform the lives of our students and their vision for the future; this fiscal year, you have been that change.

On behalf of our entire university, thank you for investing in our students.

Joel A. Lauer, Vice President for University Advancement

ST. MARY'S GIVING DAY

During the St. Mary's Giving Day on March 24, alumni, parents and friends across the globe united in a single purpose—to make a significant difference to current students through enriching their interests and allowing them to follow their passions, both on and off-campus. You elevated the power and passion of our St. Mary's family, pushing us past our ambitious \$20,000 goal.

Every gift directly supported student scholarships, campus programs and enhancements, social clubs and athletics, and ministry opportunities, giving donors the opportunity to choose the causes that mean the most to them on this momentous day of giving. Because of this generosity, we can continue to open up a world of opportunity for our students, allowing them to discover their purpose with great passion.

Thank you for your ongoing commitment to St. Mary's University. If you'd like to volunteer for Giving Day 2022 or have questions about the report, please contact the Office of Advancement at 210-436-3138.
